BYRNES SENT TO THE TOMBS.

Coroner's Jury Finds He Shot Detective
Goldhammer.

New York, March 4.—The coroner's
jury, which has been considering the
death of Sergeant John B. Goldhammer,
the New York police detective who was
shot by Edward Byrnes while looking for
violators of the policy law, returned its
verdict Tuesday. The verdict finds merely
that Goldhammer met his death by a
pistol shot fired by Byrnes. The latter
was committed to the Tombs to await
the action of the grand jury. Byrnes
declares that he fired at the detective
in the belief that a burglar was entering
his room.

SUBSIDY GOES OVER.

House Will Wait for a Presidential Mes-
sage on It.

Washington, March 4.—No further ef-
fort will be made in the House at this
session to pass the ocean mail subsidy
bill. The defeat of the measure Tues-
day was enough for the leaders for the
present, and the plan to call it for pas-
sage again had been abandoned. It is
the understanding at the capital that
President Taft approves the proposition
to establish new mail routes to South
America and the Orient, and he will
recommend affirmative action on it in his
message to Congress at its regular ses-
sion in December.

SEVEN YEARS FOR COFFEY.

Ex-supervisor of San Francisco Was Con-
victed of Accepting Bribe.

San Francisco, March 4.—Former Su-
pervisor Michael W. Coffey, convicted re-
cently of accepting a bribe of \$4,000 to
vote for a trolley franchise for the United
Railroads, was sentenced Tuesday to
seven years imprisonment. In common
with other members of the Schmitz fam-
ily of supervisors implicated in the bribery
graft disclosures, Coffey confessed before
the grand jury and was granted immu-
nity. Later he refused to give incriminat-
ing evidence.

Mr. Cleveland's Broad View.

In regard to the appointment of J.
Sterling Morton as a member of the se-
cond Cleveland cabinet, George F. Parker
says in McClure's Magazine:
"In the factional divisions in his
state, Mr. Morton had actively oppos-
ed Mr. Cleveland's nomination in 1894,
and had done so with a good deal of
personal bitterness. When this was
presented to the president as an argu-
ment against Morton's appointment, he
threw the charge aside with contempt,
saying:
"I cannot afford, in this crisis,
when, if ever, such men are needed, to
let personal considerations enter into
account. Under no circumstances will I
allow them to influence my opinion or
action."

ond M. E. church, is the possessor of two
teeth in his third set.

Deafness Cannot Be Cured

by local applications, as they cannot reach the
diseased portion of the ear. There is only one
way to cure deafness, and that is by constitu-
tional remedies. Deafness is caused by an
inflamed condition of the mucous lining of
the Eustachian tube. When this tube is inflamed
the result, and unless the inflammation can be
taken out and the tube restored to its normal
condition, hearing will be destroyed forever.
Nine cases out of ten are caused by catarrh,
which is nothing but an inflamed condition of
the mucous surfaces.
We will give one Hundred Dollars for any
case of Deafness cured by catarrh, that can-
not be cured by Hall's Catarrh Cure. Send for
circulars, free.

ABOUT THE STATE

Senator Dillingham finds that one-
tenth of all the United States senators
are either descendants of Vermonters
or were born in Vermont.

The ground hog came out of his hole
on Stratton mountain Sunday and a
traveling salesman from Greenfield,
Mass., who happened along, killed him
with a club. It was a woodchuck and
almost black.

The Rogers brothers of South Wheel-
ock William and Flynn, have been ar-
rested on the charge of passing a coun-
terfeit money. It appears that they
gave Don D. Gray of Lyndon a Confed-
erate \$10 bill. The officers were notified
and traveled 10 miles before the artful
brothers were caught.

Rockingham remains in the no column
After a sharp campaign waged by both
sides, the vote Tuesday resulted in 744
no, against 399 yes, a gain of 145 over
the no majority of last year. North
Walpole, just across the river, voted no
for the first time both towns voted
against license.

The referendum feature of the act
passed by the recent legislature provid-
ing for the building of a new court
house and jail in Bennington, brought
out the largest vote at the annual town
meeting yesterday in a number of years.
In Bennington the court house proposal
received a majority of 550 but in every
other town in the county it was rejected.
In several instances not receiving a
single vote.

Martin Cobbleigh, 79 years old, died
Monday at his home at South Northfield
following a general decline in health of
several months' duration. He is sur-
vived by his daughter, Mrs. Wheatley,
with whom he made his home, and one son,
George H., of Hartford, Conn. Mr. Cob-
bleigh was a regular descendant of the
Cobbleighs who were closely identified
with the early history of Northfield. He
held various town offices with credit to
himself and satisfaction to the public.

MURDERER HANGED HIMSELF IN JAIL

West Pawlet Hungarian Captured and
Made a Noose Out of His
Bed Clothing.

Rutland, March 4.—Joe Nehalick, the
Hungarian who shot and killed Andrew
Stulvatsky, a fellow countryman in
Rising & Nelson's slate quarry in West
Pawlet Tuesday, was captured yester-
day in Fort Edward, N. Y., by Constable
A. C. Mason of Pawlet, just as he was
about to take a south bound train. Ten
minutes after he was locked up in the
village jail at Fort Edward, he was
found dead in his cell, hanging by his
neck from the bars in the cell door. He
had made a rope by tearing a bed quilt
into strips. After adjusting the noose
about his neck he mounted a chair and
kicked it from beneath his feet.

Constable Mason started for Fort
Edward on a train Sunday morning, leav-
ing Deputy Sheriff Pascal Ricci of this
city and A. A. Leonard of Wallingford
to follow in an automobile. The Fort
Edward police had been watching
Nehalick, although they were not sure
he was the man they wanted. When
the train stopped at Fort Edward,
Mason and Ricci went on board. Ricci
and he were quickly taken into
custody.

The murder was a most brutal one
and was apparently committed with
the utmost deliberation. Stulvatsky
boarded at Nehalick's house and the
murder took place at one o'clock.
Nehalick and he were quickly taken in-
to custody.

Rutland's Court Business.
Opened Up With Sitting of Cases Yes-
terday Afternoon.

Rutland, March 4.—The March term
of Rutland county court opened at the
court house in this city at 2 o'clock
yesterday afternoon with Judge L. E.
Watman of Brattleboro, Assistant
Judge F. M. Plumley of Sherburne and
Assistant Judge H. M. Redfield of Hub-
bardton on the bench. There were about
35 members of the Rutland county bar
present. Among the lawyers present
from outside of the county was Frank
L. Fish of Vergennes.

Rev. Thomas Stratton offered prayer
and the proclamation opening the court
was made by Sheriff E. C. Fish.

The afternoon was devoted to calling
the docket, the following cases had
been set for trial: Davis' admx. vs.
Watman; Railroad Co. vs. Green vs. Rutland
Railroad Co.; Stone vs. Potter; Sample
& Co. vs. Watkins; Quinan vs. Crinn;
Garrett Williams Co. vs. Watkins; Stev-
ens & Thompson Paper Co. vs. Hill;
Richardson vs. Hoag. The following en-
tries were ordered in other cases: Fish's
admx. vs. Perry, no trial; Heidel vs.
town of Castleton, to court; Rutland
County National bank vs. Packer, to
court; Keyes & Co. vs. Union Pacific
Ten Co., in progress of settlement.

The trial docket contains 50 jury
cases and 37 court cases.

Mrs. Emma Cummings of Easthampton,
I. L., disposing of an estate valued at
more than \$1,000,000, was admitted to
probate at Riverhead.

well, who is a cousin of the president, is
one of the beneficiaries, receiving the

ble bequests. Dartmouth college re-

CASE FROM 1798 SETTLED.

It Relates to Seizure of Old Sloop Town-
send.

Searsport, Me., March 4.—In restitu-
tion for the alleged seizure of the
sloop Townsend on the high seas in
October, 1798, by the French privateer
Le Pelletier, Miss Jennie E. McFarland
of this town has just been awarded the
sum of \$483.90, in an amendment to
the claim filed recently passed by the
United States Senate. Miss McFarland
is administratrix of the estate of Eph-
raim McFarland, who with Joseph Col-
well and William Campbell owned the ves-
sel. The estates of the other two
owners have also been paid claims ag-
gregating \$5,003.18. The Townsend
sailed from Boothbay, then in the state
of Massachusetts, on Aug. 28, 1798 with
a cargo of lumber and fish, bound for
the English island of Antigua. In Oc-
tober she was seized by the Le Pelletier
and taken to the island of Guadalupe,
where the vessel was confiscated by the
tribunal of commerce and prizes for
the value of a role de equipage, and
Captain William Campbell was thrown
into jail, where he was kept three
months. After more than one hundred
years had elapsed the court of claims,
in a decision filed Feb. 18, 1908, de-
clared that the condemnation of the
sloop was illegal, and when the claims
bill passed the Senate recently an
amendment was added providing for
the payment of the claims of the own-
ers' estates.

NO ACTION AGAINST MINISTER.

Belief That Eastman Will Be Exonerated
in Temple, N. H., Shooting.

Temple, N. H., March 4.—It is consid-
ered improbable that any action will be
taken against Rev. Harvey Eastman, the
Congregational minister who shot and
killed George L. Marotte, who was run-
ning amuck in a drunken frenzy. County
Solicitor Aime E. Boisvert of Manchester,
who has power to proceed against the clergyman,
said yesterday that until he had looked into
the matter of Marotte's death more thor-
oughly he would be unable to say ac-
cusedly what would be done. He intimated,
however, that it was improbable that
any criminal charge would be preferred
against Mr. Eastman. Mr. Eastman killed
Marotte with a shotgun Tuesday after-
noon, infuriated with liquor and armed
with a revolver, had attempted to
kill the members of the household of
Brigadier-General James Miller, U. S. A.
(retired), where he was employed as a
butler.

SAYS MONEY IS MISPLACED.

New Colleges Endowed to the Detri-
ment of Old Ones.

New York, March 4.—Speaking at
the semi-annual dinner of the Alumni
association of the college of Physi-
cians and Surgeons of Columbia uni-
versity, said here last night at Sherry's
President Nicholas Murray Butler of
the university regretted the endowment
of new educational institutions to the
detrimment of already established col-
leges and universities.

"It would have been wiser," said he,
"if that great endowment fund for
Stanford university had been given to
the already existing university of Cali-
fornia; if the fund for the new univer-
sity in Worcester, Mass., had been
given to Harvard, Yale or Brown."

NIP IT IN THE BUD.

First Appearance of Dandruff a Fore-
runner of Future Baldness.

That such is the case has been con-
clusively proven by scientific research.
Prof. Tinn, the noted European skin
specialist, declares that dandruff is the
burrowed-up outline of the scalp, caused
by parasites destroying the vitality in
the hair bulb. The hair becomes lifeless,
and, in time, falls out. This can be pre-
vented.

Newbro's Herpicide kills this dandruff
germ, and restores the hair to its natural
softness and abundance.
Herpicide is now used by thousands of
people—all satisfied that it is the most
wonderful hair preparation on the mar-
ket to-day.
